A black and white illustration of a student with long hair lying down, looking up at a large, tilted class schedule. The schedule lists subjects like English, History, Physical Education, Physics, Chinese, Art, Music, and Chemistry across different periods. The word '목표' (Goal) is written in large, bold Korean calligraphy over the top part of the schedule.

A large, stylized black lightning bolt strikes the center of a tilted calculator screen. The calculator is a standard scientific calculator with a green display and various function keys. The screen shows a calculation: $1000000 \div 1000000 = 1$. The lightning bolt is positioned diagonally, with its tip pointing towards the bottom right corner of the calculator.

A comic book panel featuring a character with a large, expressive face. The character has a single prominent red eye with a spiral pattern, and their mouth is wide open in a shout or cry. The background is filled with dynamic, angular lines in shades of gray and blue, suggesting a chaotic or intense environment. A large black speech bubble with a white border is positioned in the upper center of the panel, containing the text "ILTAK, WATCH CAREFULLY." in white, all-caps, sans-serif font. The overall style is reminiscent of classic comic book art, with bold lines and a high-contrast color palette.
